

# **Office of Chemical Safety and Pollution Prevention's (OCSPP) Systematic Review Framework**

## **OCSPP Systematic Review Workgroup**

**(DRAFT)**

**Charge:** Establish and document a common vocabulary and methodology for the "systematic review" and analysis of all of the different types of data associated with human health and ecological risk assessments conducted by scientists in OCSPP.

**Disclaimer:** The current document is neither a binding regulation nor is it intended to serve as a reviewer's guide, manual, or Standard Operating Procedure for conducting a systematic review.
